Geography, Vol. 65, 1980

INDEX

A

Africa
Comprehensive geography of West Africa (Udo), rev., 76
Kenya (Diesfeld and Hecklau), rev., 76–7
Intensification of agriculture in the Republique Unie du Cameroun (Floyd and Tandap), 324–7
Rural Africa (Grove and Klein), rev., 164
Agriculture
Ecological-functional approaches to agriculture in geographical contexts (Simmons), 305–16
Food, climate and man (ed. Biswas), rev., 71
Government and agriculture: a spatial perspective (Bowler), rev., 344
Great increase in barley growing in Scotland (Dawson), 213–17
Growth and adjustment in national agriculture (O'Hagen), rev., 72
Hobby farming (Layton), 220–24
Intensification of agriculture in the Republique Unie du Cameroun (Floyd and Tandap), 324–7
Land consolidation in Cyprus (King), 320–24
Next 70 years: population, food and resources (Gilland), rev., 258
Political economy of food (ed. Harle), rev., 344–5
Pre-Hispanic Maya agriculture (ed. Turner and Harrison), rev., 75
Rural Africa (Grove and Klein), rev., 164
Sampling for farm studies in geography (Clark and Gordon), 101–6
Water control in Guyana (Strachan), 297–304
Air photographs (*see also* Remote Sensing)
Maps and air photographs (Dickinson), rev., 70–71
Medieval England: an aerial survey (Beresford and St. Joseph), rev., 263–4
Alexander, D. E. *I calanchi*—accelerated erosion in Italy, 95–100
Allan, J. A. Remote sensing in land and land use studies, 35–43
America, Central
Pre-Hispanic Maya agriculture (ed. Turner and Harrison), rev., 75
Analysis of regional structure (ed. Funck and Parr), rev., 345
Anthropology
Hunters (Service), rev., 165–6
Seasonal variations of the Eskimo (Mauss), rev., 165
Anthropogenic coasts (Hudson), 194–202
Appelbaum, R. P. *Size, growth and U.S. cities*, rev., 161–2
Appointments, 64, 154
Archaeology
Simulation studies in archaeology (ed. Hodder), rev., 73
Aspects of human settlement planning (Habitat Conference), rev., 346
Atlases
Atlas of British Columbia: people, environment and resource use (Farley), rev., 263
Heinemann World Atlas, rev., 262–3
Soviet history atlas (Martin), rev., 162
Atmosphere: an introduction in meteorology (ed. Lutgens and Tarbuck) rev., 341–2
Atmosphere, weather and climate: an introduction to meteorology (Navarra), rev., 70
Australia
New life for old suburbs: post-war land use and housing in the Australian inner city (Kendig), rev., 161

B

Baird, J. V. and Sopher, C. D. *Soils and soil management*, rev., 342
Battan, L. J. *Fundamentals of meteorology*, rev., 69
Bedouin (Kay), rev., 164–5
Benefits and costs of the quantitative revolution (Newby), 13–18
Beresford, M. W. and St. Joseph, J. K. S. *Medieval England: an aerial survey*, rev., 263–4
Biogeography: natural and cultural (Simmons), rev., 166–7
Birds of passage: migrant labour and industrial societies (Piore), rev., 156–7
Biswas, M. R. and A. K. (eds.) *Food, climate and man*, rev., 71
Bolivia
Farmers and towns: rural–urban relations in highland Bolivia (Preston), rev., 75–6
Book Reviews, 68–77, 155–67, 253–64, 336–47
Books and publications received, 77–9, 167, 264, 347–50
Bowen, D. Q. *Quaternary geology*, rev., 340
Bowler, I. R. *Government and agriculture: a spatial perspective*, rev., 344
Brazil
Brazilian petroleum industry (Dickenson), 125–7
Bridges, E. M. (ed.) *Problems of common land: the example of West Glamorgan*, rev. 346–7
British Isles (*see also* Liverpool; London: Scotland; Wales; Yorkshire)
Change in the countryside: essays on rural England 1500–1900 (ed. Fox and Butlin), rev., 160
Eastern and central England (Straw and Clayton), rev., 341
English towns 1500–1700 (Patten), rev., 160–61
Illustrated history of Roman roads in Britain (Johnston), rev., 159–60
Pre-glacial Pleistocene of the Norfolk and Suffolk coasts (West), rev., 340–41
Signposts to the past: place-names and the history of England (Gelling), rev., 159
Burtniak, J. and Jackson, J. N. *Railways in the Niagara peninsula: their development, progress and community significance*, rev., 74–5
Butlin, R. A. and Fox, H. S. A. (eds.) *Change in the countryside: essays on rural England 1500–1900*, rev., 160

C

California
Changing location of power plants in California (Guinness), 217–20

Pedagogic application of multiple regression analysis: precipitation in California (Taylor), 203–12
Cameroon
Intensification of agriculture in the Republique Unie du Cameroun (Floyd and Tandap), 324–7
Campbell, F. J. Obituary, 245
Canada
Atlas of British Columbia: people, environment and resource use (Farley), rev., 263
Canadian nordicity: it's your north too (Hamelin), rev., 261
Hobby farming (Layton), 220–24
Vancouver Island: land of contrasts (ed. Forward), rev., 163–4
Career opportunities for geographers (Lawton), 236–44
Carter, F. W. (ed.) *An historical geography of the Balkans*, rev., 157–8
Cartography, *see* Maps
Change in the countryside: essays on rural England 1500–1900 (ed. Fox and Butlin), rev., 160
Changing location of power plants in California (Guinness), 217–20
Changing patterns of population growth in the Netherlands (Thomas), 224–9
China
Studying China: a source book for teachers in schools and colleges (ed. Howe), rev., 162–3
Chinitz, B. (ed.) *The declining Northeast: demographic and economic analyses*, rev., 74
Chisholm, M. *Rural settlement and land use: an essay in location*, rev., 256
Cities of peasants (Roberts), rev., 254
Clark, G. and Gordon, D. S. Sampling for farm studies in geography, 101–6
Clayton, K. and Straw, A. *Eastern and central England*, rev., 341
Climatology
Atmosphere, weather and climate: an introduction to meteorology (Navarra), rev., 70
Climate mandate (Roberts and Lansford), rev., 260
Climatic water budget in environmental analysis (Mather), rev., 69–70
Food, climate and man (ed. Biswas), rev., 71
Ice or fire? Surviving climatic change (Halacy), rev., 155–6
World climate: the weather, the environment and man (Gaskell and Morris), rev., 339
Cloke, P. J. *Key settlements in rural areas*, rev., 255
Closed depressions in limestone areas: some teaching approaches for the physical geographer (Paterson), 107–18
Coastal geomorphology
Anthropogenic coasts (Hudson), 194–202
World of the changing coastline (Eddison), rev., 253
Commission on Geographical Education (Graves), 230–31
Comprehensive geography of West Africa (Udo), rev., 76
Countryside planning: the first three decades 1945–76 (Gilg), rev., 257
Curriculum
DES Proposals 149, 249, 250, 332
Government proposals for the school curriculum in England and Wales, 232–5
Cyprus
Land consolidation in Cyprus (King), 320–24
Proposals for a solution to the Cyprus problem (Karovzis), rev., 73–4

D

Daugherty, R. and Walford, R. Government proposals for the school curriculum in England and Wales, 232–5
Dawson, A. H. The great increase in barley growing in Scotland, 213–17
Declining Northeast: demographic and economic analyses (ed. Chinitz) rev., 74
Derbyshire, E. *Geomorphological processes*, rev., 337–8
Deserts
Bedouin (Kay), rev., 164–5
Problems of oasis development (Wilkinson), rev., 156
Development of tourism on Easter Island (Porteous), 137–8
Dickenson, J. P. The Brazilian petroleum industry, 125–7
Dickinson, G. C. *Maps and air photographs*, rev., 70–71
Diesfeld, H. J. and Hecklau, H. F. *Kenya*, rev., 76–7
Doren, C. S. van (ed.) *Land and leisure: concepts and methods in outdoor recreation*, rev., 257

E

Easter Island
The development of tourism on Easter Island (Porteous), 137–8
Eastern and central England (Straw and Clayton), rev., 341
Ecological-functional approaches to agriculture in geographical contexts (Simmons), 305–16
Economic development
Economic development of Sabah, Malaysia (Hoyle), 284–96
Problems of oasis development (Wilkinson), rev., 156
Swansea city-region: a case study of a gateway system (Edwards), 81–94
Economic geography (*see also* Agriculture; Industry)
Analysis of regional structure (ed. Funck and Parr), rev., 345
Declining Northeast: demographic and economic analyses (ed. Chinitz), rev., 74
Economics of natural resources (Lecomber), rev., 258
Political economy of food (ed. Harle), rev., 344–5
Ecosystems
Ecological-functional approaches to agriculture in geographical contexts (Simmons), 305–16
Eddison, J. *The world of the changing coastline*, rev., 253
Education (*see also* Teaching)
Education in the eighties (Taylor), 1–12
Travelling to school: some aspects of nineteenth-century catchment areas (Marsden), 19–26
Edwards, J. A. The Swansea city-region: a case study of a gateway system, 81–94
Electricity
Changing location of power plants in California (Guinness), 217–20
Grande-Dixence hydro-electric scheme, Switzerland (Park), 317–20
Embleton, C. and Thornes, J. (eds.) *Process in geomorphology*, rev., 336–7
Energy, *see* Electricity; Petroleum
English towns 1500–1700 (Patten), rev., 160–61
Environment
Climatic water budget in environmental analysis (Mather), rev., 69–70
Environmental science (Turk *et al.*) rev., 336
Food, climate and man (ed. Biswas), rev., 71
Man and environmental processes: a physical geography perspective (ed. Gregory and Walling), rev., 337–8

Erosion
I calanchi—accelerated erosion in Italy (Alexander), 95–100
Soil erosion (Morgan), rev., 259
Estuarine and coastal land reclamation and water storage (ed. Knights and Phillips), rev., 343
Europe (see also Cyprus; France; Italy; Netherlands; Switzerland)
Europe: a geographical survey of the continent (Mellor and Smith), rev., 157
European Geography Teachers' Association, 332
European Schools' Day Competition, 333
Historical geography of the Balkans (ed. Carter), rev., 157–8
Examining boards, 60–64

F

Farley, A. L. *Atlas of British Columbia: people, environment and resources use*, rev., 263
Farmers and towns: rural–urban relations in highland Bolivia (Preston), rev., 75–6
Faroe islands: fieldwork in 1975 with background information (Wheeler *et al.*), rev., 163
Fieldwork
Sampling for farm studies in geography (Clark and Gordon), 101–6
Shakeholes: a morphometric field project for sixth-form geographers (Pemberton), 180–93
Floods: a geographical perspective (Ward), rev., 156
Floyd, B. and Tandap, L. Intensification of agriculture in the Republique Unie du Cameroun, 324–7
Food, climate and man (ed. Biswas), rev., 71
Forward, C. N. (ed.) *Vancouver Island: land of contrasts*, rev., 163–4
Fox, H. S. A. and Butlin, R. A. (eds.) *Change in the countryside: essays on rural England 1500–1900*, rev., 160
France
Public transport in France: the development and extension of the metro (Tuppen), 127–30
French, R. A. and Hamilton, F. E. I. (eds.) *The Socialist city: spatial structure and urban policy*, rev., 254–5
Funck, R. and Parr, J. B. (eds.) *The analysis of regional structure*, rev., 345
Fundamentals of meteorology (Battan), rev., 69

G

Gardiner, V. The Yorkshire water grid, 134–7
Gaskell, T. F. and Morris, M. *World climate: the weather, the environment and man*, rev., 339
Gelling, M. *Signposts to the past: place-names and the history of England*, rev., 159
Geocryology: a study of periglacial processes and environments (Washburn), rev., 336
Geographical approaches to fluvial processes (ed. Pitty), rev., 339–40
Geographical Association
Annual Conference 1979, 144
Annual Conference 1980, 67, 249
Annual Report 1979, 140–45
Assistant Editors, 59, 142
Balance Sheet 1979, 146–8
Branches, 143–4
Secretaries, 60, 152–3, 252
Conferences, 67, 144, 151–2, 249
Council, 140–41
Elections to, 248, 333
Reports of meetings, 149, 249, 332
Education Standing Committee, 141–2
Reports of meetings, 59–60, 149–50, 250
Finance and General Purposes Standing Committee
Financial Report, 145
Fleure Library, 65, 143, 150, 151, 251
Books and publications received, 77–9, 167, 264, 347–50
Honorary Editors, 59, 142
Membership figures, 149, 249, 332
Officers
Election and retirement of, 59, 140, 248, 332
President, 248, 332
Publications, 142–3, 150, 250
Geographical Education in Secondary Schools (Graves), 251
Publications and Communications Standing Committee, 142–4
Reports of meetings, 60, 150, 250
Questionnaire on *Geography*, 139
Section Committees, 141
Further Education, 151
Steers and Lindsay prizes, 333
Summer School (Aberystwyth), 65–6
Working Groups, 141–2
Geographical Education, Commission on, 230–31
Geography, results of questionnaire on, 139
Geography and relevance (Patmore), 265–83
Geography and resource analysis (Mitchell), rev., 338–9
Geography and soil properties (Pitty), rev., 342–3
Geography and the urban environment: progress in research and applications (ed. Herbert and Johnston), rev., 72–3
Geography in Higher Education, National Conference on, 152
Geography of the lifeworld: movement, rest and encounter (Seamon), rev., 259–60
Geology
Geology for civil engineers (McLean and Gribble), rev., 261–2
Pre-glacial Pleistocene of the Norfolk and Suffolk coasts (West), rev., 340–1
Quaternary geology (Bowen), rev., 340
Geomorphology (*see also* Coastal geomorphology; Erosion; Glaciology; Hydrology; Periglacial environments)
Eastern and central England (Straw and Clayton), rev., 341
Geographical approaches to fluvial processes (ed. Pitty), rev., 339–40
Geomorphological processes (Derbyshire), rev., 337–8
Man and environmental processes: a physical geography perspective (ed. Gregory and Walling), rev., 337–8
Process in geomorphology (ed. Embleton and Thornes), rev., 336–7
Shakeholes: a morphometric field project for sixth-form geographers (Pemberton), 180–93
Geophysics
Physical environment (Ridley), rev., 166
Gilg, A. W. *Countryside planning: the first three decades 1945–76*, rev., 257
Gilland, B. *The next 70 years: population, food and resources*, rev., 258
Glaciology
Quaternary geology (Bowen), rev., 340
Winters of the world: Earth under the Ice Ages (ed. John), rev., 260–61
Gordon, D. S. and Clark, G. Sampling for farm studies in geography, 101–6

Government and agriculture: a spatial perspective (Bowler), rev., 344
Government proposals for the school curriculum in England and Wales, 232–5
Grande-Dixence hydro-electric scheme, Switzerland (Park), 317–20
Graves, N. J. The Commission on Geographical Education, 230–31
Great increase in barley growing in Scotland (Dawson), 213–17
Gregory, K. J. and Walling, D. E. (eds.) *Man and environmental processes: a physical geography perspective*, rev., 337–8
Gribble, C. D. and McLean, A. C. *Geology for civil engineers*, rev., 261–2
Grove, A. T. and Klein, F. M. G., *Rural Africa*, rev., 164
Growth and adjustment in national agriculture (O'Hagen), rev., 72
Guinness, P. The changing location of power plants in California, 217–20
Guyana
  Water control in Guyana (Strachan), 297–304

H

Habitat Conference Secretariat. *Aspects of human settlement planning*, rev., 346
Halacy, D. S. *Ice or fire? Surviving climatic change*, rev., 155–6
Hamburg
  Office relocation in Hamburg: the City-Nord project (Husain) 131–4
Hamelin, L. E. *Canadian nordicity: it's your north too*. rev., 261
Hamilton, F. E. I. and French, R. A. (eds.) *The Socialist city: spatial structure and urban policy*, rev., 254–5
Hamilton, F. E. I. and Linge, G. J. R. (eds.) *Spatial analysis, industry and the industrial environmen. progress in research and applications*, rev., 256–7
Harle, V. (ed.) *The political economy of food*, rev., 344–5
Harrison, P. D. and Turner, B. L. (eds.) *Pre-Hispanic Maya agriculture*, rev., 75
Hazards
  Floods: a geographical perspective (Ward), rev., 156
Heather, D. C. *Plate tectonics*, rev., 337
Hebden, R. E. Trends in Soviet trade since 1960, 49–52
Hecklau, H. K. and Diesfeld, H. J. *Kenya*, rev., 76–7
Heinemann World Atlas, rev., 262–3
Herbert, D. T. and Johnston, R. J. (eds.) *Geography and the urban environment: progress in research and applications*, rev., 72–3
Historical geography
  Change in the countryside: essays on rural England 1500–1900 (ed. Fox and Butlin), rev., 160
  English towns 1500–1700 (Patten) rev., 160–1
  Historical geography of the Balkans (ed. Carter), 157–8
  Illustrated history of Roman roads in Britain (Johnston), rev., 159–60
  Medieval England: an aerial survey (Beresford and St. Joseph), rev., 263–4
  Soviet history Atlas (Martin), rev., 162
  Travelling to school: some aspects of nineteenth-century catchment areas (Marsden), 19–26
Hobby farming (Layton), 220–24
Hodder, I. (ed.) *Simulation studies in archaeology*, rev., 73
Hodgson, J. M. *Soil sampling and soil description*, rev., 155
Hong Kong
  Housing and new towns in Hong Kong (Mountjoy), 53–7
Howe, C. (ed.) *Studying China: a source book for teachers in schools and colleges*, rev., 162–3
Hoyle, B. S. Economic development of Sabah, Malaysia, 284–96
Hudson, B. J. Anthropogenic coasts, 194–202
Human Geography (*see also* Population; Social geography)
  Bedouin (Kay), rev., 164–5
  Comprehensive geography of West Africa (Udo), rev., 76
  Declining Northeast: demographic and economic analyses (ed. Chinitz), rev., 74
  Faroe Island: fieldwork in 1975 with background information (Wheeler *et al.*), rev., 163
  Geography of the lifeworld: movement, rest and encounter (Seamon), rev., 259–60
  Seasonal variations of the Eskimo (Mauss), rev., 165
  Hunters (Service), rev., 165–6
Husain, M. S. Office relocation in Hamburg: the City-Nord project, 131–4
Hydro-electric power
  Grande Dixence hydro-electric scheme, Switzerland (Park), 317–20
Hydrology
  Floods: a geographical perspective (Ward), rev., 156
  Hydrology: measurement and application (Newson), rev., 71

I

I calanchi—accelerated erosion in Italy (Alexander), 95–100
Ice or fire? Surviving climatic change (Halacy), rev., 155–6
Illustrated history of Roman roads in Britain (Johnston), rev., 159–60
Industrial location
  The changing location of power plants in California (Guinness), 217–20
Industrialisation
  Brazilian petroleum industry (Dickenson), 125–7
  Nonmetropolitan industrialization (ed. Lonsdale and Seyler), rev., 253–4
  Spatial analysis, industry and the industrial environment: progress in research and applications (ed. Hamilton and Linge), rev., 256–7
International Geographical Union Commission on Geographical Education, 230–31
Interpretation of ordinary landscapes (ed. Meinig), rev., 343
Introduction to the principles and practice of soil science (White), rev., 259
Iran
  A Persian quarter century (Smith), rev., 161
Italy
  I calanchi—accelerated erosion in Italy (Alexander), 95–100

J

Jackson, J. N. and Burtniak, J. *Railways in the Niagara peninsula: their development, progress and community significance*, rev., 74–5
John, B. (ed.) *The winters of the world: Earth under the Ice Ages*, rev., 260–61
Johnston, D. E. *An illustrated history of Roman roads in Britain*, rev., 159–60

Johnston, R. J. and Herbert, D. T. (eds.) *Geography and the urban environment: progress in research and applications*, rev., 72–3
Jülg, F. and Sinnhuber, K. A. (eds.) *Studies in the geography of tourism and recreation*, rev., 257–8

Obituaries
  Campbell, F. J., 245
  Marchant, E. C., 58
  Walton, A. D., 245
Office relocation in Hamburg: the City-Nord project (Husain), 131–4
O'Hagen, J. P. *Growth and adjustment in national agriculture*, rev., 72
Ordnance Survey
  Digital map, 252
  Review Committee Report, 153–4

P

Panton, K. J. Literacy in London, 27–34
Papua New Guinea
  Urbanization in Papua New Guinea (Levine), rev., 166
Park, C. C. The Grande Dixence hydro-electric scheme, Switzerland, 317–20
Parr, J. B. and Funck, R. (eds.) *The analysis of regional structure*, rev., 345
Paterson, K. Closed depressions in limestone areas: some teaching approaches for the physical geographer, 107–18.
Patmore, J. A. Geography and relevance, 265–83.
Patten, J. *English towns 1500–1700*, rev., 160–61.
Patterns of population distribution (Morgan), rev., 345–6.
Paul, A. H. Vanishing railways and the urban scene: the case of Liverpool, 119–24.
Pedagogic application of multiple regression analysis: precipitation in California (Taylor), 203–12
Pedology
  Geography and soil properties (Pitty), rev., 342–3
  Introduction to the principles and practice of soil science (White) rev., 259
  Soil erosion (*Morgan*), rev., 259
  Soil sampling and soil description (Hodgson), rev., 155
  Soils and soil management (Sopher and Baird), rev., 342
Pemberton, M. Shakeholes: a morphometric field project for sixth-form geographers, 180–93
Perception
  Mental maps of children: images of Coventry's city centre (Matthews), 169–79
Periglacial environments
  Geocryology: a study of periglacial processes and environments (Washburn), rev., 336
  Pipelines and permafrost: physical geography and development in the circumpolar north (Williams), rev., 343–4
Persian quarter century (Smith), rev., 161
Petroleum
  The Brazilian petroleum industry (Dickenson), 125–7
Phenomenology
  Geography of the lifeworld: movement, rest and encounter (Seamon) rev., 259–60
Phillips, A. J. and Knights, B. (eds.) *Estuarine and coastal land reclamation and water storage*, rev., 343
Physical geography (*see also* Climatology; Geomorphology; Pedology)
  Physical environment (Ridley), rev., 166
  Plate tectonics (Heather), rev., 337
Piore, M. J. *Birds of passage: migrant labour and industrial societies*, rev., 156–7
Pipelines and permafrost: physical geography and development in the circumpolar north (Williams), rev., 343–4
Pitty, A. F. *Geography and soil properties*, rev., 342–3
Pitty, A. F. (ed.) *Geographical approaches to fluvial processes*, rev., 339–40.
Place-names
  Signposts to the past: place-names and the history of England (Gelling), rev., 159
Planning
  Countryside planning: the first three decades 1945–76 (Gilg), rev., 257
  Key settlements in rural areas (Cloke), rev., 255
  Multidimensional spatial data and decision analysis (Nijkamp), rev., 338
  Problems of common land: the example of West Glamorgan (ed. Bridges), rev., 346–7
  Rural deprivation and planning (ed. Shaw), rev., 255–6
Planning the past: historical landscape resources and recreation (Newcomb), rev., 158–9
Plate tectonics (Heather), rev., 337
Pleistocene
  Pre-glacial Pleistocene of the Norfolk and Suffolk coasts (West), rev., 340–41
Polar regions
  Pipelines and permafrost: physical geography and development in the circumpolar north (Williams), rev., 343–4
Political economy of food (ed. Harle), rev., 344–5
Population (*see also* Migration)
  Changing patterns of population growth in the Netherlands (Thomas), 224–9
  Housing and new towns in Hong Kong (Mountjoy), 53–7
  Patterns of population distribution (Morgan), rev., 345–6
  Powers of populations (Madden), rev., 73
Porteous, J. D. The development of tourism on Easter Island, 137–8
Poverty
  Rural deprivation and planning (ed. Shaw), rev., 255–6
Powers of populations (Madden), rev., 73
Pre-glacial Pleistocene of the Norfolk and Suffolk coasts (West), rev., 340–41
Pre-Hispanic Maya agriculture (ed. Harrison and Turner), rev., 75

Preston, D. A. *Farmers and towns: rural-urban relations in highland Bolivia*, rev., 75–6
Problems of common land: the example of West Glamorgan (ed. Bridges), rev., 346–7
Problems of oasis development (Wilkinson), rev., 156
Process in geomorphology (ed. Embleton and Thornes), rev., 336–7
Proposals for a solution to the Cyprus problem (Karouzis), rev., 73–4

Q

Quantitative methods
Benefits and costs of the quantitative revolution (Newby), 13–18
Multidimensional spatial data and decision analysis (Nijkamp), rev., 338
Pedagogic application of multiple regression analysis: precipitation in California (Taylor), 203–12
Statistical concepts in geography (Silk), rev., 68–9
Statistics for geographers (Mowforth), rev., 262
Quaternary geology (Bowen), rev., 340

R

Railways
Public transport in France: the development and extension of the metro (Tuppen), 127–30
Railways in the Niagara peninsula: their development, progress and community significance (Jackson and Burtniak), rev., 74–5
Vanishing railways and the urban scene: the case of Liverpool (Paul), 119–24
Rainfall
A pedagogic application of multiple regression analysis: precipitation in California (Taylor), 203–12.
Recreation
Geography and relevance (Patmore), 265–83
Land and leisure: concepts and methods in outdoor recreation (ed. van Doren), rev., 257
Planning the past: historical landscape resources and recreation (Newcomb), rev., 158–9
Studies in the geography of tourism and recreation (ed. Sinnhuber and Jülg), rev., 257–8
Regional science
Analysis of regional structure (ed. Funck and Parr), rev., 345
Remote sensing
Landsat photography as a resource in secondary school geography (Smith), 44–8
Remote sensing in land and land use studies (Allan), 35–43
Resources
Economics of natural resources (Lecomber), rev., 258
Geography and resource analysis (Mitchell), rev., 338–9
Next 70 years: population, food and resources (Gilland), rev., 258
Ridley, B. K. *The physical environment*, rev., 166
Roberts, B. *Cities of peasants*, rev., 254
Roberts, W. O. and Lansford, H. *The climate mandate*, rev., 260
Royal Geographical Society Lectures, 67
Rural areas
Change in the countryside: essays on rural England 1500–1900 (ed. Fox and Butlin), rev., 160
Countryside planning: the first three decades 1945–76 (Gilg), rev., 257
Farmers and towns: rural-urban relations in highland Bolivia (Preston) rev., 75–6
Key settlements in rural areas (Cloke), rev., 255
Rural Africa (Grove and Klein), rev., 164
Rural deprivation and planning (ed. Shaw), rev., 255–6
Rural settlement and land use: an essay in location (Chisholm, rev., 256
Rural-urban fringe
Hobby farming (Layton), 220–24

S

Sabah
Economic development of Sabah, Malaysia (Hoyle), 284–96
Sampling for farm studies in geography (Clark and Gordon), 101–6
Satellite imagery
Landsat photography as a resource in secondary school geography (Smith), 44–8
Remote sensing in land and land use studies (Allan), 35–43
School textbooks and teaching aids received, 78–9, 347–50
Scotland
Great increase in barley growing in Scotland (Dawson), 213–17
Shetland (Nicolson), rev., 163
Seamon, D. *Geography of the lifeworld: movement, rest and encounter*, rev., 259–60
Seasonal variations of the Eskimo (Mauss), rev., 165
Service, E. R. *The hunters*, rev., 165–6
Settlement
Aspects of human settlement planning (Habitat Conference), rev., 346
Seyler, H. L. and Lonsdale, R. E. (eds.) *Nonmetropolitan industrialization*, rev., 253–4
Shakeholes: a morphometric field project for sixth-form geographers (Pemberton), 180–93
Shaw, J. M. (ed.) *Rural deprivation and planning*, rev., 255–6
Shetland (Nicolson), rev., 163
Signposts to the past: place-names and the history of England (Gelling), rev., 159
Silk, J. *Statistical concepts in geography*, rev., 68–9
Simmons, I. G. *Biogeography: natural and cultural*, rev., 166–7
Simmons, I. G. Ecological-functional approaches to agriculture in geographical contexts, 305–16
Simulation studies in Archaeology (ed. Hodder), rev., 73
Sinnhuber, K. A. and Jülg, F. (eds.) *Studies in the geography of tourism and recreation*, rev., 257–8
Size, growth and U.S. cities (Applebaum), rev., 161–2
Smith, A. *A Persian quarter century*, rev., 161
Smith, E. A. and Mellor, R. E. H. *Europe: a geographical survey of the continent*, rev., 157
Smith, R. M. Landsat photography as a resource in secondary school geography, 44–8
Social geography
Literacy in London (Panton), 27–34
Travelling to school: some aspects of nineteenth-century catchment areas (Marsden), 19–26
Socialist city: spatial structure and urban policy (ed. French and Hamilton), rev., 254–5
Soil erosion
I calanchi—accelerated erosion in Italy (Alexander), 95–100
Soil erosion (Morgan), rev., 259
Soil sampling and soil description (Hodgson), rev., 155

Soils, *see* Pedology
Soils and soil management (Sopher and Baird), rev., 342
Sopher, C. D. and Baird, J. V. *Soils and soil management*, rev., 342
Soviet history Atlas (Martin), rev., 162
Spatial analysis, industry and the industrial environment, progress in research and applications (ed. Hamilton and Linge), rev., 256–7
St. Joseph, J. K. S. and Beresford, M. W. *Medieval England: an aerial survey*, rev., 263–4
Strachan, A. J. Water control in Guyana, 297–304
Statistical concepts in geography (Silk), rev., 68–9
Statistics for geographers (Mowforth), rev., 262
Straw, A. and Clayton, K. *Eastern and central England*, rev., 341
Studies in the geography of tourism and recreation (ed. Sinnhuber and Jülg) rev., 257–8
Studying China: a source book for teachers in schools and colleges (ed. Howe), rev., 162–3
Swansea city-region: a case study of a gateway system (Edwards), 81–94
Switzerland
The Grande-Dixence hydro-electric scheme, Switzerland (Park), 317–20

T

Tandap, L. and Floyd, B. Intensification of agriculture in the Republique Unie du Cameroun, 324–7
Tarbuck, E. J. and Lutgens, F. K. (eds.) *The atmosphere: an introduction to meteorology*, rev., 341–2
Taylor, P. J. A pedagogic application of multiple regression analysis: precipitation in California, 203–12
Taylor, W. Education in the eighties, 1–12
Teaching (*see also* Curriculum)
Benefits and costs of the quantitative revolution (Newby), 13–18
Closed depressions in limestone areas: some teaching applications for the physical geographer (Paterson), 107–18
Education in the eighties (Taylor), 1–12
Landsat photography as a resource in secondary school geography (Smith), 44–8
Shakeholes: a morphometric field project for sixth-form geographers (Pemberton), 180–93
Textbooks
School textbooks and teaching aids received 78–9, 347–50
Third World
Political economy of food (ed. Harle), rev., 344–5
Urbanization in Papua New Guinea (Levine), rev., 166
Thomas, P. R. Changing patterns of population growth in the Netherlands, 224–9
Thornes, J. and Embleton, C. (eds.) *Process in geomorphology*, rev. 336–7
Tourism
The development of tourism on Easter Island (Porteous), 137–8
Studies in the geography of tourism and recreation (ed. Sinnhuber and Jülg), rev., 257–8
Trade
New Zealand's changing trade (Wright), 328–31
Trends in Soviet trade since 1960 (Hebden), 49–52
Transport (*see also* Railways)
Illustrated history of Roman roads in Britain (Johnston), rev., 159–60
Public transport in France: the development and extension of the metro (Tuppen), 127–30
Travelling to school: some aspects of nineteenth-century catchment areas (Marsden), 19–26
Trends in Soviet trade since 1960 (Hebden), 49–50
Tuppen, J. Public transport in France: the development and extension of the metro, 127–30
Turk, A. *et al. Environmental science*, rev., 336
Turner, B. L. and Harrison, P. D. (eds.) *Pre-Hispanic Maya agriculture*, rev., 75

U

USA (*see also* California)
Declining Northeast: demographic and economic analyses (ed. Chinitz), rev., 74
Nonmetropolitan industrialization (ed. Lonsdale and Seyler), rev., 253–4
Railways in the Niagara peninsula: their development, progress and community significance (Jackson and Burtnik), rev., 74–5
Size, growth and U.S. cities (Appelbaum), rev., 161–2
USSR
Soviet history Atlas (Martin), rev., 162
Trends in Soviet trade since 1960 (Hebden), 49–52
Udo, R. K. *A comprehensive geography of West Africa*, rev., 76
Urban geography
Aspects of human settlement planning (Habitat Conference), rev., 346
Cities of peasants (Roberts), rev., 254
English towns 1500–1700 (Patten), rev., 160–61
Geography and the urban environment: progress in research and applications (ed. Herbert and Johnston), rev., 72–3
New life for old suburbs: post-war land use and housing in the Australian inner city (Kendig), rev., 161
Size, growth and U.S. cities (Appelbaum), rev., 161–2
Socialist city: spatial structure and urban policy (ed. French and Hamilton), rev., 254–5
Swansea city-region: a case study of a gateway system (Edwards), 81–94
Travelling to school: some aspects of nineteenth-century catchment areas (Marsden), 19–26
Urbanization in Papua New Guinea (Levine), rev., 166
Vanishing railways and the urban scene: the case of Liverpool (Paul), 119–24
Urban planning
Housing and new towns in Hong Kong (Mountjoy), 53–7
Office relocation in Hamburg: the City-Nord project (Husain), 181–4

V

Vancouver Island: land of contrasts (ed. Forward), rev., 163–4
Vanishing railways and the urban scene: the case of Liverpool (Paul), 119–24

W

Wales
Problems of common land: the example of West Glamorgan (ed. Bridges), rev., 346–7
Walford, R. and Daugherty, R.
Government proposals for the school curriculum in England and Wales, 232–5

Walling D. E. and Gregory, K. J. (eds.) *Man and environmental processes: a physical geography perspective*, rev., 337–8

Walton, A. D. Obituary, 245

Ward, R. *Floods: a geographical perspective*, rev., 156

Washburn, A. L. *Geocryology: a study of periglacial processes and environments*, rev., 336

Water
Climatic water budget in environmental analysis (Mather), rev., 69–70

Water resources
Estuarine and coastal land reclamation and water storage (ed. Knights and Phillips), rev., 343
Water control in Guyana (Strachan), 297–304
The Yorkshire water grid (Gardiner), 134–7

West, R. G. *The pre-glacial Pleistocene of the Norfolk and Suffolk coasts*, rev., 340–41

Wheeler, P. T. *et al. The Faroe Islands: fieldwork in 1975 with background information*, rev., 163

White, R. E. *Introduction to the principles and practice of soil science*, rev., 259

Wide Awake Trail Award Scheme, 67

Wilkinson, J. C. *Problems of oasis development*, rev., 156

Williams, P. J. *Pipelines and permafrost: physical geography and development in the circumpolar north*, rev., 343–4

Winters of the world: Earth under the Ice Ages (ed. John), rev., 260–61

World climate: the weather, the environment and man (Gaskell and Morris), rev., 339

World of the changing coastline (Eddison), rev., 253

Wright, L. W. New Zealand's changing trade, 328–31

Y

Yorkshire
Yorkshire water grid (Gardiner), 134–7
